INTRODUCTION

In presenting The R. L. Polk Directory Co's 1916 Directory of Colorado Springs, Colorado City and Manitou, the publishers have used every effort to make this Edition as up-to-date as it is possible to make a Directory.

CONTENTS

The information embraced in the Directory is of a most complete and varied character. It contains a list of the citizens, alphabetically arranged, telling their business, location of business and residence. It gives the style of the firms and of the individual partners. It contains a Classified Business Directory, "The Buyers Guide," exclusively devoted to commercial and professional life and listing under proper classifications names of those engaged in professions and in every line of commercial, financial and manufacturing enterprises. By referring to the Miscellaneous Information you may inform yourself of the development along the lines of religion, education and benevolent, social and secret organizations, for in this department, churches, public and private schools, libraries, clubs, societies, fraternal, labor and benevolent orders are recorded. The condition of every department of the city and county government, banks, public and private institutions, commercial bodies, courts, public buildings, hospitals, parks, postoffice statistics, and much other valuable information can be found. The Directory also gives a Street and Householders' Guide, corrected to the latest possible date.

The index to Miscellaneous Information will be found on page 11.

Points of Interest

The climate of Colorado contains more of the essential elements which effectively promote health than that of any other country. These requisites are found in the chemical composition of the atmosphere; in the dry, pure, clean, soft, yet stimulating breezes which quicken circulation and multiply the corpuscles of the blood; in the tonic effect and the exhilarating influence of the ozone; in the flood of its life-giving, germ-destroying sunshine which militates against depression; in the altitude which tempers heat; prevents enervation and constantly arouses physical energy and mental action.
Glen Eyrie, where General Palmer made his home.

Hidden Inn, unique rest-house in the Garden of the Gods.

High Drive, a trip of splendid views of mountain and plain.

Monument Park, with its weird rock formations.

Monument Valley Park, beautiful park within the city limits.

Mt. Manitou, whose summit is reached by scenic incline railway.

Mushroom Park, with the Balanced Rock and other curious formations.

North Cheyenne Canon, a part of the city's park system.

Palmer Park, with its rugged bluffs and splendid vistas.

Pike's Peak, whose summit is reached by cog railway, trail and auto highway.

Rainbow Falls, at the entrance to Ute Pass.

Seven Falls, the climax to Glen Pike's Region.

South Seven Falls, the climax to Glen Pike's Region.

Ute Pass, through which runs the Pike's Peak Ocean-to-Ocean Highway.

Ute Trail, used centuries ago by Indians in their journeys.

Wildflower Excursion, on the Colorado Midland railway.

Williams Canon, whose limestone walls resemble castle ruins.

And innumerable roads, drives and trails, affording many interesting trips.

Taken year in and year out, from January to January, the climate of the Pike's Peak Region will average all others for mild, invigorating, pleasant and healthful weather. Official records show an average of 180 absolutely sunny days, and 130 partly cloudy, making a total of 310 days of sunshine every year, while there are only 11 days a year totally lacking in sunshine. That Colorado Springs is a healthful city is shown by the fact that its average resident death rate is only 7.72 per 100,000; this same ratio holds true of Colorado City and Manitou as well.

The three sister cities at the foot of Pike's Peak are modern communities with every up-to-date metropolitan convenience. The following figures, taken from the records of Colorado Springs substantiate this statement:

Assessed valuation—$39,523,410—on a basis of the full actual valuation.

Bonders' Debt—$200,000; for water works, $1,500,000.

City tax-rate—6.7 mills; total tax-rate, 19.32 mills.

Area of city—5,247.3 acres.

Miles of street—125.

Miles of paving——268; 52 oiled.

Miles of public sewer—74.32; valuation, $241,735.

Miles of water mains—143.

Value of water system—$1,107,109.54.

Introduction.

Parks

Colorado Springs' park system is notable. It comprises 2,600 acres, more than is owned by many cities fifty times its size, and includes some of the most famous natural wonders of the Pike's Peak Region.

Educational

The tone of the community is distinctively that of culture and refinement, and this is reflected in its excellent public school system, its private schools, and in Colorado College, whose faculty ranks with the best in America. More than one million dollars have been invested in the public school system, and Colorado College has property and endowment valued at more than three million dollars.

Brown's Business College, with an able faculty, is well equipped for the education of those desiring to enter business life.

Pure mountain water, coming from the snow-fed streams on the slopes of Pike's Peak, above sources of contamination, is one of the city's best assets. The system belongs to the municipality.

Among the institutions of importance located in this vicinity are the Union Printers' Home; the national cemetery of America; the Colorado School for the Deaf and Blind; and the Myron Slack Home.

In an industrial way, there are in the Pike's Peak Region 190 manufacturing plants, with an annual output of $1,134,900; while all industrial plants employ 3,810 persons with an annual payroll of $2,806,626, and with a combined capitalization of $11,547,000.

Colorado City

Colorado City, the first capital of Colorado, adjoins Colorado Springs on the west. It is the center of many industrial plants, and is blessed with
Manitou

Manitou is noted alike for its natural beauty and its sparkling mineral waters. It nestles in a cleft in the mountains just at the foot of Pike's Peak, sheltered by hills gradually rising to the dignity of mountains. Residences have been built where streams and canons permitted, and the main avenues follow the windings of the mountain streams, giving the village an individuality that is at once distinctive. To its picturesque seclusion, its healing waters, and to its wide and varied natural beauties, for which it is a world-renowned resort, is due the continuous increase in population and the increasing number of visitors to the village. Its climate is cool and healthful, its losses of population are slight, its temperate winters enable the residents to enjoy the snows during the winter months, and the beauty and healthfulness of the seasons of the year to which a visit is made invite return visits. The up-to-date business houses will be found represented in the advertising departments of the Directory, for business men appreciate the fact that the Directory represents the city and its business interests both to the stranger within the gates and the people of the many other cities to which it goes—as no other publication does.

The publishers beg to extend their thanks for the courtesies that have been shown their representatives and for the liberal patronage bestowed upon the work.

TRUSTEES

First. The advancement of the Directory business and the improvement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same industrious and honest Directory canvassers and compilers.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.

UNDERTAKERS.
Beyle Bros, 101 N Cascade av.
The objects of the Association are:

First. The advancement of the Directory business and the improvement of the Directory in the United States or Canada, who shall qualify as competent to gather information and compile a Directory and furnish satisfactory references, is eligible to membership.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unpractical promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the Directory business and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.
FEW PEOPLE REALIZE

How many changes occur in a city’s population during a single year.

The actual changes are shown below:

- New names written in: 23%
- Old names taken out: 17%
- Changes in location: 30%
- Total changes: 70%

This shows the danger of trusting to an old edition of the Directory. It is cheaper to buy a new book than take chances.

You Should Be Listed

Under every heading of the Classified Section of the Directory, where people might look for you. Your name being in bold type under those headings not only gives you an advantage over competitors not so described, but protects other advertising you may do.

The Cost

Of listing is so slight when one considers its value, and the fact it is working 365 days in the year, that no live concern can afford to overlook it.

R. L. Polk Directory Co.
COLORADO SPRINGS, COLO.
